

# Bad Kleinkircheim

Bad Kleinkircheim or BKK as it is better known is located in the picturesque Nockenberg Mountains. This world renowned resort offers Over 100 kilometers of pistes, 26 modern lifts and 700 snow cannons covering 97 percent of the pistes

First time and intermediate skiers will benefit from the resorts wide runs. Experienced skiers are also challenged by the famous Franz Klammer downhill run, designed by the legendary downhill skiing Olympic champion himself. Snowboarders are also catered for with a superb snowboard park where an obstacle range has been created for beginners as well as experts. The mountain restaurants offer a combination of Carinthian hospitality and sun soaked terraces making them an ideal place for lunch. Our previous visits to this resort have all proven to be excellent. Our personal relationship built up with the ski school over many years ensures a very warm welcome for all

## Hotel Seewirt

We have visited this lovely hotel on numerous occasions under previous management and it was the quality of this hotel which first drew us to BKK some 15 years ago. We have been returning ever since !.

The hotel is situated in the beautiful village of Millstatt on the shores of the Millstattersee inland see. The Seewirt is situated 25 mins from BKK ( Bad Kleinkircheim ). The friendly 3\* family run Hotel offers clean, warm and spacious rooms with en suite facilities. The 2 - 4 bedded rooms are all furnished to a high standard.

The hotel restaurants provides a self-service continental breakfast, packed lunch and a full three course evening meal. In addition to offering local fare they also provide more familiar cuisine.

## Evening Activities

A variety of evening activities are planned the highlight of which must be a visit to the Römerbad.

This is a thermal Spa (Roman bath) which is right at the bottom of the slopes and offers a fun and relaxing experience bathing outdoors in the naturally heated mineral waters of the Alpine mountain.

Disco, Karaoke and bumboarding are other popular activities
